Eliana “Eli” as she likes to be called, started with the Basic Needs Center team in fall 2022. I recalled Eli’s shyness, yet so professional. In the last 7 months I have watched Eli grow in so many ways, but more importantly, Eli’s contribution in the BNC does not go unnoticed. If you visited the Food Pantry, chances are that Eli checked-you in or assisted you in registering for the first time all while always smiling. I am so proud of Eli for all her achievements, for willing to learn, come out of her comfort zone and grow. Eli, you are truly an asset to the BNC team, congratulations on graduating. Thank you for the commitment you have to help your peers meet their basic needs.
